👤 Profile

IT Administrator and Computer Engineer (MEng, University of Patras) with 5+ years of professional experience. Currently responsible for a company's entire IT infrastructure — network, servers, workstations, ERP, security, backups and GDPR compliance — and for day-to-day support for 80+ users across all departments. Known for being helpful, supportive and responsible, with a strong drive to keep learning and adopt better tools.

Interests

Video Editing: I enjoy creating and editing my own videos in my free time. • **Photoshop:** Photo editing and graphic design as a creative hobby. • **Byzantine Music:** My lifelong passion. I started learning it in fourth grade, hold a cantor's diploma and currently study it at the Aristotle University of Thessaloniki. • **Travelling:** I love discovering new places, new people and new perspectives.
